Fabric selection note: Fabric colors as listed are really just suggestions based on what I used. If you choose the colors as listed, your runner will look very similar to the one in the photograph. If you'd like to change up colors, please do! Use the photo and notes on what is going where as a guide to make some fun new choices! Just be sure to note what you plan to use in place of my colors so you don't get confused.

Suite Life - Cutting Homework

Once cut, place each in labeled bags or some other way label them so you know what is what.

Numbers in parentheses are TOTAL amounts needed. If you are doing scrappy, cut so that you have a total of these amounts, don't cut this many of each fabric.
