Supply List – Baby/Crib/Wallhanging

- 3 yards scraps or 12 - 16 fat quarters (or a combination of scraps and fat quarters equaling 3 yards), cut according to cutting directions on following page – *fabrics should be varying values of the same color family or no more than two or three color families that blend well together. The more fabrics you use, the more interesting this quilt will become.*
- **1 yard coordinating border fabric
- ¾ yard binding fabric – *can be the same as your border fabric if you like*
- 1/3 yard muslin or the like for foundation piecing of border strips – cut according to directions on following page
- **2 yards backing fabric
- Crib size batting
- Cutting mat and rotary cutter
- 6 x 24 ruler or similar
- 6 ½” square ruler
- 9 ½” square ruler (optional, but nice to have)
- Sewing machine with instruction book
- Extra sewing machine needles
- Neutral thread for piecing
- Two bobbins prewound with thread
- Travel iron and surface, optional, but good to have
- Sewing scissors
- Seam ripper
- Out of the box thinking
- Chocolate (kidding, but always welcome!)

***Items are not needed for class, but would be needed to finish the quilt*

Syncopated Ribbons – Baby/Crib/Wallhanging

Required pre-class cutting homework

The cutting for this project is simple, but there is a lot of it. In order to get as much accomplished in class as possible, you will need to do the cutting for the blocks at home before you arrive at class.

IMPORTANT: When cutting, *don't throw away* any scraps that are of a usable size (for this project, about 1 ¾" squarish or so). Just place them in a pile to the side of your cutting area.

From scraps or fat quarters:

- 20 6.5" squares
- 20 strips of any width from 1.5" to 3.0" (be sure to vary the widths you use, don't make them all the same width) x 8" long
- 60 strips any width 1.5" to 3.0" x 10.5", plus about 10 extra 2" wide strips to use as fillers if necessary

Place strips in two piles sorted by length. Use Ziploc bags to keep your piles contained and separate and to transport them to class.

Place all leftover fabric and scraps in another Ziploc bag and bring to class. These will be used for the foundation pieced border.

From foundation fabric:

Cut 4 strips 2.5" x width of fabric

Note: We will be making a baby-sized version in class, but you can add more blocks to make it larger after class!
