

HOW TO LABEL YOUR QUILT AND BAG

You must have a "stand up" kind of bag. The kind that has a flat bottom.

Each quilt has its own bag and tag# - the tag # for your quilt entry can be found on the blog under quilt show ... click on quilt forms ... then click on Quilt show entries.

On an index card:

Your last initial at least 2 - 2½ inches tall on the left side. On the right side, in smaller letters your entry # followed by your last name and then your first. This is to be stapled or pinned (safety pins only) to the bag so it is visible.

On a tag:

Your last initial followed by your quilt entry tag #.

This is to be pinned to the back of quilt on the BOTTOM of the right side of the quilt (back of quilt facing you)
