Feel free to contact me with any questions.

- \$8.00 pattern fee (I will have these at the workshop) – there is NO homework or need to purchase prior to the workshop. To respect the designer, each person must purchase a pattern.
- Dresden Plate acrylic ruler/template – I will have some available for purchase (\$8) if you don't have one.
- Background – 2/3 yard of background fabric (I will have some backgrounds available for \$5 each. Or bring your own)
- Houses – 20 scraps, approximately 4" x 10" for houses (you can choose 20 different fabrics, 10 each of 2 different; 4 each of 5; any combination to equal 20). DO NOT APPLY FUSIBLE TO YOUR HOUSE FABRICS!
- Doors & Windows – small amounts of scraps for these (I will have some available at no charge)
- Roofs – 20 scraps, approximately 4" x 2" for roofs – can all be one color, or scrappy. I like to use black. If you want all one fabric, then you don't need to cut into 4"x2" pieces – a fat quarter or straight quarter yard is plenty. You can pre-fuse this if you wish, or there will be time in class.
- One scrap of fabric approximately 4-5" square for the center.
- Backing fabric – 2/3 yard
- Batting – 24x24"
- Fusible web – I like Mistyfuse. Bring your favorite, or get some Mistyfuse from me. I will bring some Mistyfuse to share for your roofs, windows and doors fabrics.
- Sewing machine – in working order
- Thread – black, neutral or colorful thread. The thread WILL show as you stitch down the buildings, windows, doors and roofs. Some people prefer all black; some want colorful – it is your choice.
- Basic sewing supplies.
- Rotary cutter and mat.
- A small ironing station is handy. I will bring a couple of irons and ironing boards for general use.
- If you are a quick worker, you might have time to baste and quilt the top. If so, you might want to bring a darning foot for free motion quilting.

I WILL bring a number of scraps that you are welcome to use for houses, windows, doors and roofs.

COLOR WHEEL HOUSES – If you wish to create a Color Wheel Neighborhood, you will need a 30 degree ruler which will use 12 different colors to create the circle of houses. I have those rulers available for \$15. I also have Cherrywood Hand Dyed Fabric OR Wyndham Fabrics "Foundation" collection by Shayla Wolle in the 12 colors of the color wheel available for \$15. Please let me know ahead of time if this is the option you want to go with. *Note – Students have found that this goes much more quickly than the standard 20 house village. You don't have to make it as a Color Wheel – 12 different fabrics will do, but scraps need to be approximately 5"x10", and the background will need to be slightly larger.

By the end of the workshop you should have the project finished, or nearly finished. YAY – not another UFO!
