

## HOW TO LABEL YOUR QUILT AND BAG

Each quilt must have its own bag, properly labeled and tagged. The entry tag number for your quilt can be found on the website. Go to [mvquilters.org](http://mvquilters.org) and look under **Quilt Show**. Click on **Quilt Show Info and Forms**. Then click on **Quilt Show Entries**. Names are listed alphabetically.

**Bag:** You must have a bag that will stand up on its own, one with a flat bottom, for each quilt entered.

**Index Card:** On the index card, write your last initial at least 2-2.5" tall on the left side. On the right side, in smaller letters, write your entry number, last name, first name, and row letter. Staple or safety pin the card to the bag so it's visible. See example below.

**Small String Tag:** On the tag, write your last initial, followed by your entry tag number. Pin the tag to the back, on the bottom right side (back of the quilt facing you) of the quilt. Tag should not hang lower than the bottom edge of your quilt.
